HAWAII SUPERVISORS ON FIELD'S FIRST REPORT

Answer of the supervisors to Gooding Field's partial report already printed:

We, the undersigned, to whom was referred a communication from a committee of the board of trade of Hilo requesting the auditing of the county books at county expense, beg leave to report as follows:

After carefully reading the request submitted by the said committee of the board of trade and the supplementary report of H. Gooding Field thereto attached, we called the county auditor to meet us in conference and to bring with him his books and also called upon the said committee of the Board of Trade to be present at the same conference.

At this meeting, which was held on the 8th day of August, 1912, at 11 o'clock, we carefully examined the report above referred to, checking off each item therein set forth and comparing same with the corresponding items as given by the auditor in his books. After a thorough examination of these items we found that, so far as they were set forth in the said report, they were not substantiated by the auditor's accounts. It seems quite apparent to us that the report made by H. Gooding Field was not based upon the county books.

In this connection we might say that we found the balance as shown in the accounts of the Auditor's books to be correct and that all transfers from the different accounts made by the auditor were duly authorized by the Board of Supervisors.

Having found the said report to be unreliable and misleading and not worthy of the least credit, we feel that at the present time the county, which is now struggling along with limited funds, cannot see its way clear to set aside any sum between \$2500 and \$3500 for the purpose of having a complete and detailed audit made of the county books.

We deem it unfortunate that the Board of Trade, although we believe it to be acting in good faith in this matter, should have been misled by H. Gooding Field's report. We also believe that the Board of Trade's action was the result of its taking it for granted that the report was correct and that it was made after a very careful, full and complete examination of the county books.

Unless the Board of Trade can produce absolutely reliable proof of the necessity of having the county books audited at this time at such a large expenditure of public moneys as suggested by H. Gooding Field, we feel that we cannot at present grant the request submitted through its committee.

We respectfully recommend that a copy of this report, if adopted by the Board of Supervisors, be sent to the said committee of the Board of Trade. Respectfully submitted,
HENRY BECKLEY,
E. AUSTIN,
NORMAN LYMAN.
